Re: projects needs—generosity appeal

Dear Alumni:

The College Administration has recently made a significant increase to our College Band Scholarship budget, as well as a significant lump sum of funds for several onetime uniform/equipment purchases in expectation of enrollment growth for the fall 2010 semester.

We have several additional major projects that I would like to undertake, aside from what the College has funded, and it seems fitting to me that these may qualify under the ability and certainly the umbrella of our new and flourishing Ranger Band Alumni Association.

We have projects from as small as \$1000 all the way up to, and including some major purchases and/or projects for \$5000-\$20,000.

Without going into specific detail, if there are any of our loyal alumni out there who wish to make a significant and very tax deductible donation towards these needs, feel free to contact me at:

wsmith@kilgore.edu for specific details.

I am most appreciative for all of the efforts and organization that has gotten our new Alumni Association off the ground and already soaring. Together, let us set our sights on significant capital appeals to make some very real contributions to the continued artistic and personnel growth of our beloved Kilgore College ‘Ranger’ Band.

Yours most sincerely,

Wayne Smith, Director of Bands

Kilgore College
